Dear Clare,

Thank you for looking into the availability of past issues of the RATD Almanac. It looks as though we will have to go to TMA, after all.

Attached is a list of the CRC cartons I reviewed this week. The documents in these cartons should be retained, pending final decisions by Shook, Hardy and Arnold & Porter. I requested additional cartons which have not yet been located.

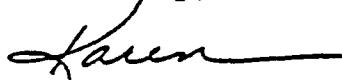

Steve Shuran assured me that the cartons could remain in the upstairs office at Carlstadt for now. I would appreciate it if you would confirm with Phyllis that these cartons will not be destroyed.

Included on this list are the cartons of documents that Ursula Egic was holding for review. Those cartons should also be retained.

It was good to see you — and to "meet" Emily, via the photograph. It's obvious that you're enjoying motherhood, and that it agrees with you!

Best regards.

Yours truly,

Karen K. Jasa
